

18th May 2020

Dear Parents/Carers

Leadership at Glenmoor and Winton

We hope that you and your families are staying well and that your children have adjusted to and are fully accessing the academies' home learning package. We recognise the considerable challenges that everyone is facing during the current restrictions, so we are very grateful for your ongoing support while students continue their learning from home.

As you will know, Glenmoor and Winton Academies have continued to cement their success in recent years – with each attaining 'Outstanding' Ofsted reports last academic year. Mr Stuart Ingram has been instrumental in these achievements and, as such, we are very pleased to have appointed him as an Executive Principal within our Group from September.

In this role, Mr Ingram will continue to work directly with senior leaders at Glenmoor and Winton and will be based at the two schools. He will also spend time supporting other schools in our South Coast cluster.

We are fortunate that the academies already have a very strong Senior Leadership Team in place, which is why we are confident that the timing is right for this change. We are very pleased to have appointed Mrs Samantha Viney as Principal to lead the schools on a day-to-day basis from September. Having been a core part of the SLT for a number of years, Mrs Viney is well known across the school community and already takes a key role in the running of the academies alongside Mr Ingram.

Mr Ingram and Mrs Viney will continue to work closely over the remainder of the term, managing the challenges presented by the coronavirus restrictions and building up to a time when schools may be able to return to more 'normal' ways of working.

We very much hope to be able to welcome back some exam group students safely before the summer but, in the meantime, please do continue to support your children in their home learning. May we wish you all a safe, healthy remainder of the term.

With best wishes

Sir Jon Coles
Chief Executive

Dame Sally Coates
Director of Secondary Education
